FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving a medical fee dispute.
2. 28 Texas Administrative Code §134.404 sets out the guidelines for reimbursement of hospital facility fees for inpatient services.
3. The services in dispute were reduced/denied by the respondent with the following reason codes:

Explanation of benefits

- 45-Charges exceed your contracted/legislated fee arrangement.
- P303-This contracted provider or hospital has agreed to reduce this charge below the fee schedule or usual and customary charges for your business.
- W1-Workers compensation state fee schedule adjustment.
- This dispute was reviewed in accordance with your Fee for Service contract with Coventry.
- Z710-The charge for this procedure exceeds the fee schedule allowance.

Issues

1. Was the workers' compensation insurance carrier entitled to pay the health care provider at a contracted rate?
2. Were the disputed services subject to a specific fee schedule set in a contract between the parties that complies with the requirements of Labor Code §413.011?
3. Which reimbursement calculation applies to the services in dispute?
4. What is the maximum allowable reimbursement for the services in dispute?
5. Is the requestor entitled to additional reimbursement for the disputed services?

Findings

1. The insurance carrier reduced disputed services with reason codes "45 and P303." Review of the submitted information found insufficient documentation to support that the disputed services were subject to a contractual fee arrangement between the parties to this dispute. Nevertheless, on *March 7, 2012* the Division requested the respondent to provide a copy of the referenced contract as well as documentation to support notification to the healthcare provider, as required by 28 Texas Administrative Code §133.4, that the insurance carrier had been given access to the contracted fee arrangement. Review of the submitted information finds that the documentation does not support notification to the healthcare provider in the time and manner required. The Division concludes that pursuant to §133.4(g), the insurance carrier is not entitled to pay the health care provider at a contracted fee. Consequently, per §133.4(h), the disputed services will be reviewed for payment in accordance with applicable Division rules and fee guidelines.
2. 28 Texas Administrative Code §134.404(e) states that: "Except as provided in subsection (h) of this section, regardless of billed amount, reimbursement shall be:
 - (1) the amount for the service that is included in a specific fee schedule set in a contract that complies with the requirements of Labor Code §413.011; or
 - (2) if no contracted fee schedule exists that complies with Labor Code §413.011, the maximum allowable reimbursement (MAR) amount under subsection (f) of this section, including any applicable outlier payment amounts and reimbursement for implantables."

No documentation was found to support the existence of a contractual agreement between the parties to this dispute; therefore the MAR can be established under §134.404(f).

3. §134.404(f) states that "The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Inpatient Prospective Payment System (IPPS) reimbursement formula and factors as published annually in the Federal Register. The following minimal modifications shall be applied.
 - (1) The sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by:
 - (A) 143 percent; unless
 - (B) a facility or surgical implant provider requests separate reimbursement in accordance with subsection (g) of this section, in which case the facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 108 percent."

No documentation was found to support that the facility requested separate reimbursement for implantables; for that reason the MAR is calculated according to §134.404(f)(1)(A).

4. §134.404(f)(1)(A) establishes MAR by multiplying the most recently adopted and effective Medicare Inpatient Prospective Payment System (IPPS) reimbursement formula and factors (including outliers) by 143%. Information regarding the calculation of Medicare IPPS payment rates may be found at <http://www.cms.gov>. Documentation found supports that the DRG assigned to the services in dispute is 565, and that the services were provided at Midland Memorial Hospital. Consideration of the DRG, location of the services, and bill-specific information results in a total Medicare facility specific allowable amount of \$5,440.87. This amount multiplied by 143% results in a MAR of \$7,780.44.
5. The division concludes that the total allowable reimbursement for the services in dispute is \$7,780.44. The respondent issued payment in the amount of \$7,685.10. Based upon the documentation submitted, additional

reimbursement in the amount of \$95.34 is recommended.

Conclusion

For the reasons stated above, the division finds that the requestor has established that additional reimbursement is due.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby **ORDERS** the respondent to remit to the requestor the amount of \$95.34 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
